2030 AGENDA AND THE SDGs

UNIVERSALITY

- Implies that goals and targets are relevant to all governments and actors.
- Universality does not mean uniformity. It implies differentiation (What can each country contribute?)

INTEGRATION

- Policy integration means balancing all three SD dimensions: social, economic growth and environmental protection
- An integrated approach implies managing trade-offs and maximizing synergies across targets

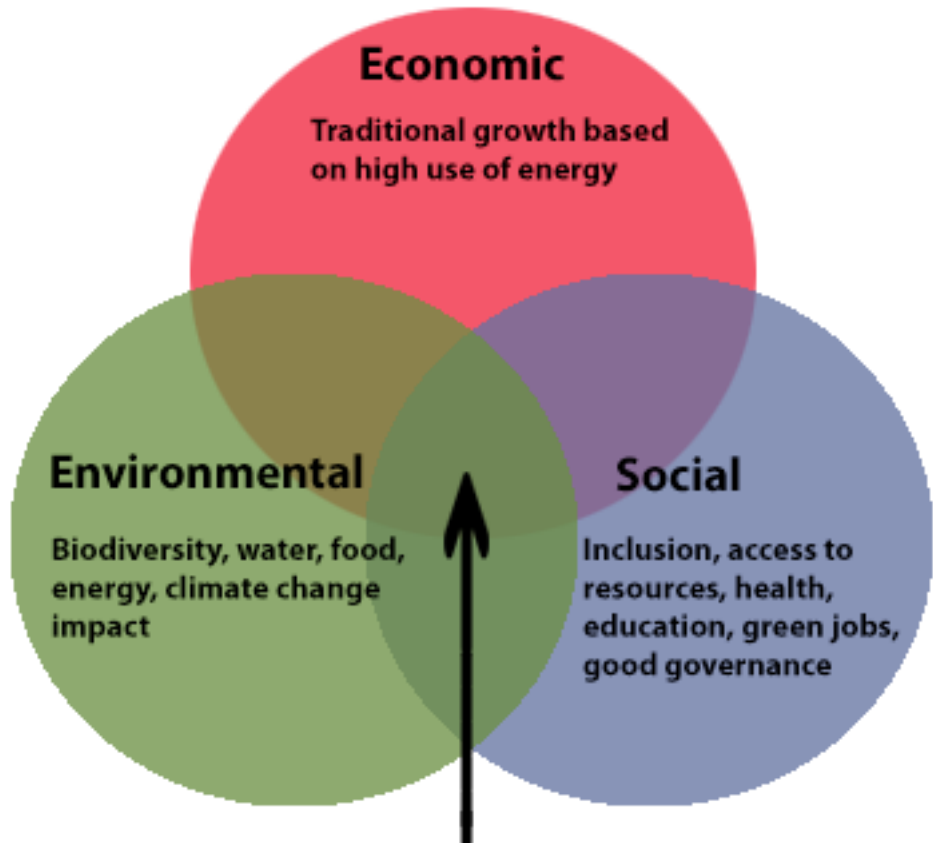

'NO ONE LEFT BEHIND'

- The principle of 'no one left behind' advocates countries to go beyond averages.
- The SDGs should benefit all – eradicating poverty and reducing inequalities.
- Promotion and use of disaggregated data is key

- UNDP approved in November 2017 its **new Strategic Plan, for the period 2018-2021**, which aims to help countries achieve sustainable development by **eradicating poverty in all its forms and dimensions, accelerating structural transformations for sustainable development and building resilience to crises and shocks.**
- The UNDP Strategic Plan and the way the organization operates in different countries is based on the premise that **there is no "one-size-fits-all" approach to development.** Countries determine their development priorities and approaches in response to their unique circumstances, seeking new ways to address complex challenges and trade-offs amidst uncertainty.

The three “pillars” of sustainable development

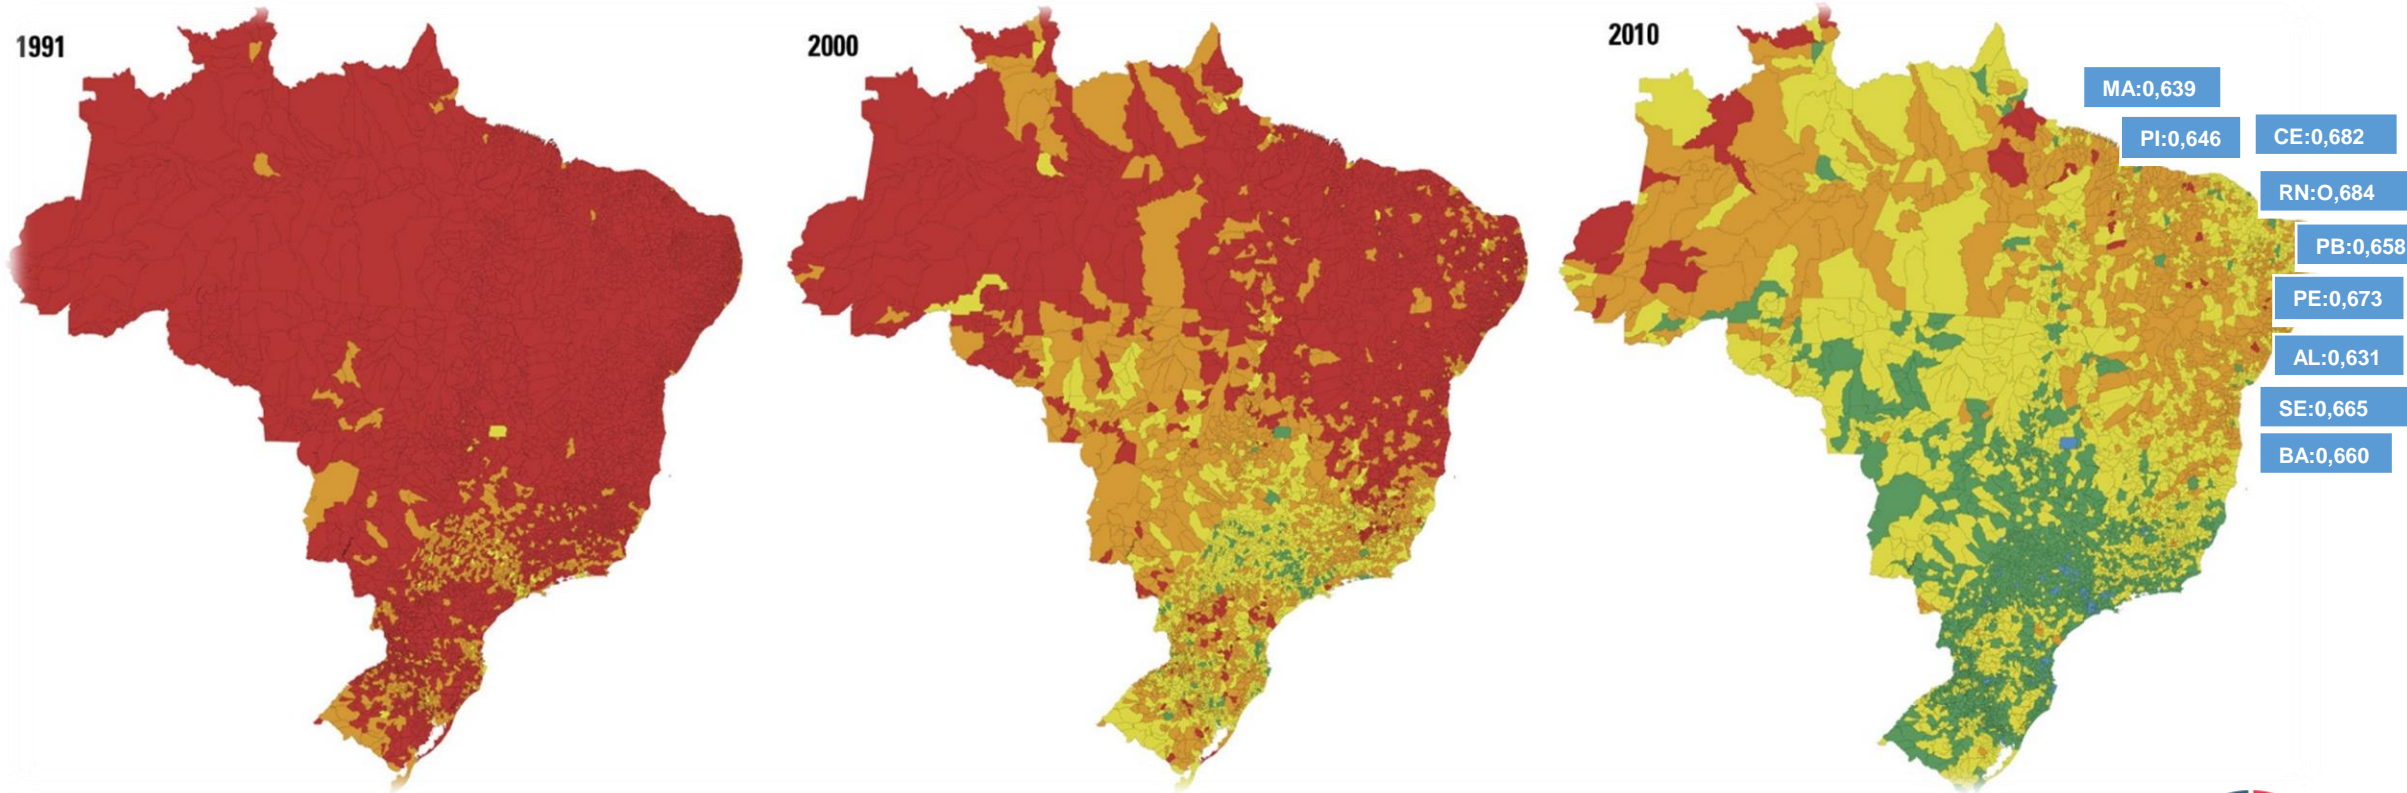

Solutions that are compatible across all three strands

The 2030 Agenda is ‘indivisible’ – countries should avoid ‘cherry picking’ goals. It is important to assess the interlinkages across goals and targets.

The considered ‘sweet spot’ areas are limited. Countries need to carefully assess the **‘trade-offs’ across goals/targets.**

THE UNDG RESPONSE - MAPS

MAINSTREAMING

- **Landing the SDG agenda at the national and local levels:** integration into national and sub-national plans for development; and into budget allocations
- Will need to be linked to the new UNDAF Guidelines

ACCELERATION

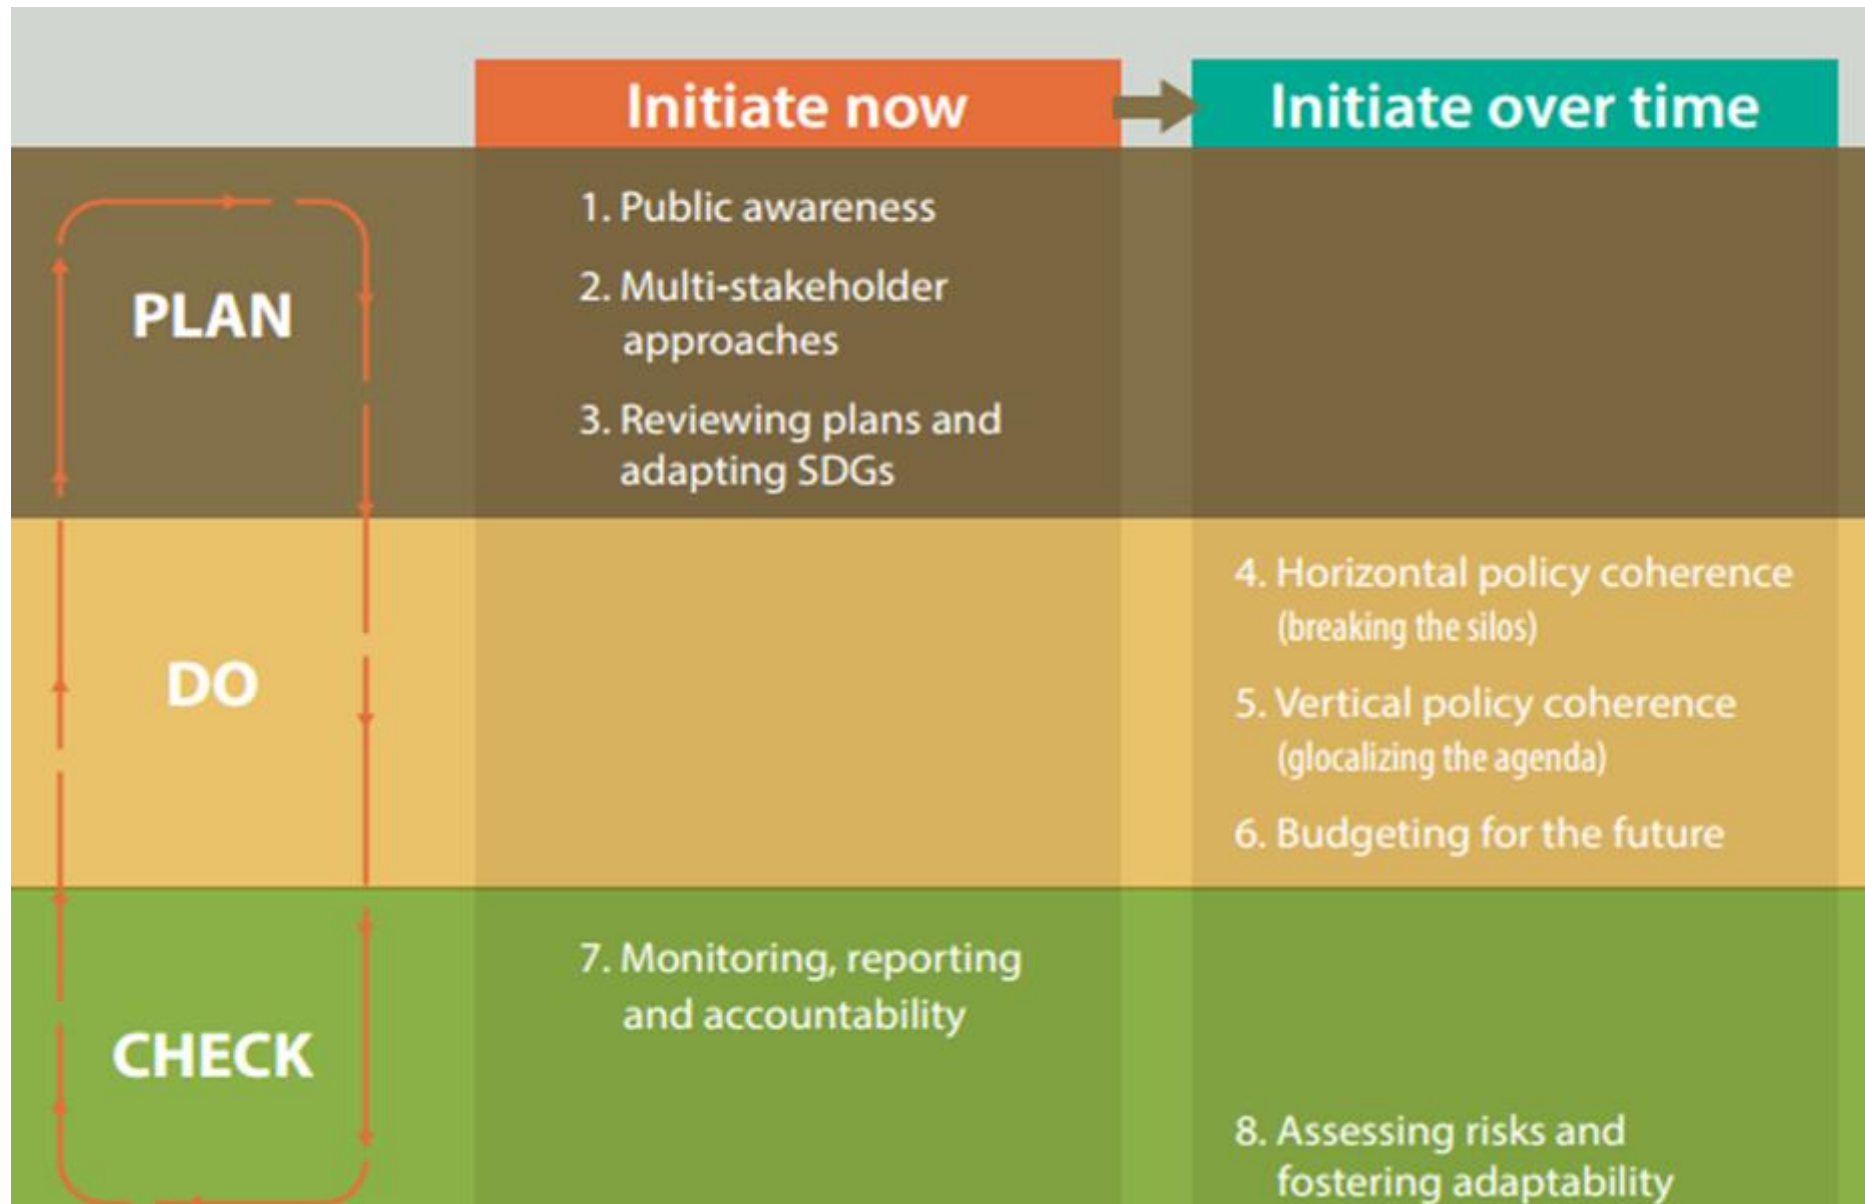

- **Focus on priority areas** defined by respective countries
- Support an **integrated approach**, including synergies and trade-offs
- **Bottlenecks assessment**, financing and partnerships, and measurement

POLICY SUPPORT

- **Support – skills and experience - from respective UN agencies to countries**, which should be made available at a low cost in a timely manner

MAINSTREAMING SDGs AT COUNTRY LEVEL

MAINSTREAMING THE SDGs: ALIGNMENT

- ❑ Coherence of national plan and SDGs?
- ❑ Coherence of sector and sub-national plans?
- ❑ Institutional arrangements: cross-sector coordination mechanisms?

- **Rapid Integrated Assessment:** mapping of SDGs (goals and targets) against national/sub-national priorities (based on the analysis of National Vision Strategy, National Development Plans, Sectoral Plans, Local Development Agendas)
- **Ensure appropriate institutional ownership**
 - ✓ Balancing between sectoral and cross-sectoral actions
 - ✓ Setting up an institution responsible for inter-ministerial coordination

Brazilian National Commission for the SDGs

- Created by Decree 8,892, 27 October 2016;
- Composed by 6 Ministries, 1 representative from local government (municipalities), 1 representative from state government and 8 representatives from civil society;
- The National Commission will, *inter alia*:
 - I – elaborate and action plan for the implementation of the Agenda 2030;
 - II - propose strategies, instruments and programmes for the implementation of the Agenda 2030;
 - III – follow up and monitor the SDG and elaborate periodic reports;

ACCELERATING SDG PROGRESS

- ❑ Not all goals can be pursued equally and at the same time
- ❑ Pursuit of catalytic actions with impacts across multiple SDG targets

- Inspiring cross-sectoral collaboration, **breaking down silos.**
- **Identifying and investing in ‘accelerators’** – intervention areas that can yield multiple dividends (women and girls’ empowerment, energy access, water access)
- Identifying the **bottlenecks** limiting progress of development interventions
- **Adapting innovative acceleration solutions** across countries, i.e. working with “combos” in a multidimensional approach for action and investment

UNDP STRATEGY FOR MAPS – “CLEAR”

COHERENCE AND LINKAGES

- ‘Whole of agenda’ + ‘whole of society’
- Coalitions and partnerships

EXPERTISE

- Analysis, advisory services, options for reform, capacity development, partnerships, M&E, implementation services (e.g. poverty eradication, reduction of inequalities, democratic governance, energy and environment, risk governance and management, urbanization)

ACCESS

- Sub-regional, regional and global processes and institutions including sources
- South-South and Triangular Cooperation

REPORTING

- Metrics and measurements
- Preparation of country reporting guidelines
- Technical support to country-led reporting on the SDGs

“MAPS MISSIONS”

- Between 2016 and 2017, UNDP will support SDG implementation in at least 50 countries through integrated MAPS missions (10 slated for 2016).
- Korean funding 
- Integrated missions draw on technical resources and tools from across the organization, even other agencies.
- Objective: to move SDG implementation forward by helping government formulate an SDG implementation roadmap and UNDP/UNCT support strategy

Liberia (August 2016): MAPS in context of fragility. Key objective: Government roadmap to inform next Agenda for Transformation (National Development Plan)

Cambodia (October 2016): LMIC country. Key objective: Inform MTR of National Strategic Development Plan; identify SDG-related strategic entry points for UNDP/UNCT; SDG monitoring (with UN Statistics Division)

Jamaica (October 2016): UMIC, SIDS. Key objective: Strengthen institutional mechanisms for SDGs integration in national processes; entry points for acceleration and bottleneck analysis; data quality

FINANCING THE 2030 AGENDA

- UNDP is **supporting countries to define national financing for sustainable development strategies**, with a particular focus on identifying catalytic interventions, scaling-up innovative financing mechanisms and improving the effectiveness of financial resources.
- Many initiatives and tools in motion, including:
 - ✓ Joint research with AFD: how to maximize new financing opportunities for LDCs
 - ✓ SIDS: how countries can leverage investments in the ‘blue economy’
 - ✓ Tax Inspectors Without Borders
 - ✓ Development Finance Assessments (DFAs)
 - ✓ Biodiversity Finance Initiative (BIOFIN)
 - ✓ SDG Philanthropy Platform
 - ✓ Climate Public Expenditure and Institutional Review (CPEIR)
 - ✓ “Financing Solutions for Sustainable Development” website

- Voluntary National Reviews
 - ✓ 30 countries (17 programme countries)
 - ✓ Out of 17, 9 LAC countries : **Argentina, Brazil, Chile, Costa Rica, Guatemala, Honduras, Panama, Peru, Uruguay**
- BPPS support for VNR countries

SDG DATA AND MONITORING

- *A robust follow-up and review framework will require a solid set of indicators and statistic data in order to maximize and track progress, support countries in making informed policy choices and ensure that no one is left behind.*
- 11th March 2016 - The Inter-Agency and Expert Group on Sustainable Development Goal Indicators (IAEG-SDGs) by the Statistical Commission, agreed upon 230 indicators to follow-up the 17goals and 169 targets.
- Data Partnerships
 - ✓ UN Statistical Commission
 - ✓ Global Partnership for Sustainable Development Data

The main header features the UNDP logo and the text 'Empoderando vidas. Fortalecendo nações.' Below this, the title 'Plataforma Agenda 2030' is prominently displayed. A descriptive paragraph states: 'A Agenda 2030 é um plano de ação global para em 2030 alcançarmos o desenvolvimento sustentável. A Plataforma provê acesso à dados, canais de participação e informações gerais para o acompanhamento das ações orientadas ao cumprimento dessa Agenda.' Three main action buttons are presented: 'Conheça a Agenda 2030 e os ODS' (with a magnifying glass icon), 'Acesse as metas e os indicadores globais da Agenda 2030' (with a bar chart icon), and 'Contribua para a Agenda 2030' (with a speech bubble icon). Below these, a prompt says 'Para saber mais, selecione um ODS abaixo:'. At the bottom, a row of nine colored boxes represents the Sustainable Development Goals (SDGs), with the first three visible: 1. Erradicação da Pobreza (red), 2. Fome Zero e Agricultura Sustentável (orange), and 3. Saúde e Bem-estar (green). A large SDG wheel icon is positioned in the bottom right corner.
